

# LED Light Engines LE-B

## PRODUCT NUMBER

2797

## DIMENSIONS

3.875" H x 3.875" W x 2.75" D

## ILLUMINATION SOURCE

Super bright, wide viewing angle LEDs  
Light Engines available in Green, Red, Blue, and Amber LEDs  
Long life; Up to 100,000+hours

## ELECTRICAL

Solid state  
Low power requirements (9.6 Watts each)  
120 VAC Standard  
Other voltages available upon request 12 VDC, 24 VDC  
Heavy-duty copper medium screw in base

## CONSTRUCTION

Housing - injection molded polycarbonate  
Dome Material - Impact resistant optically clear polycarbonate

## FINISH

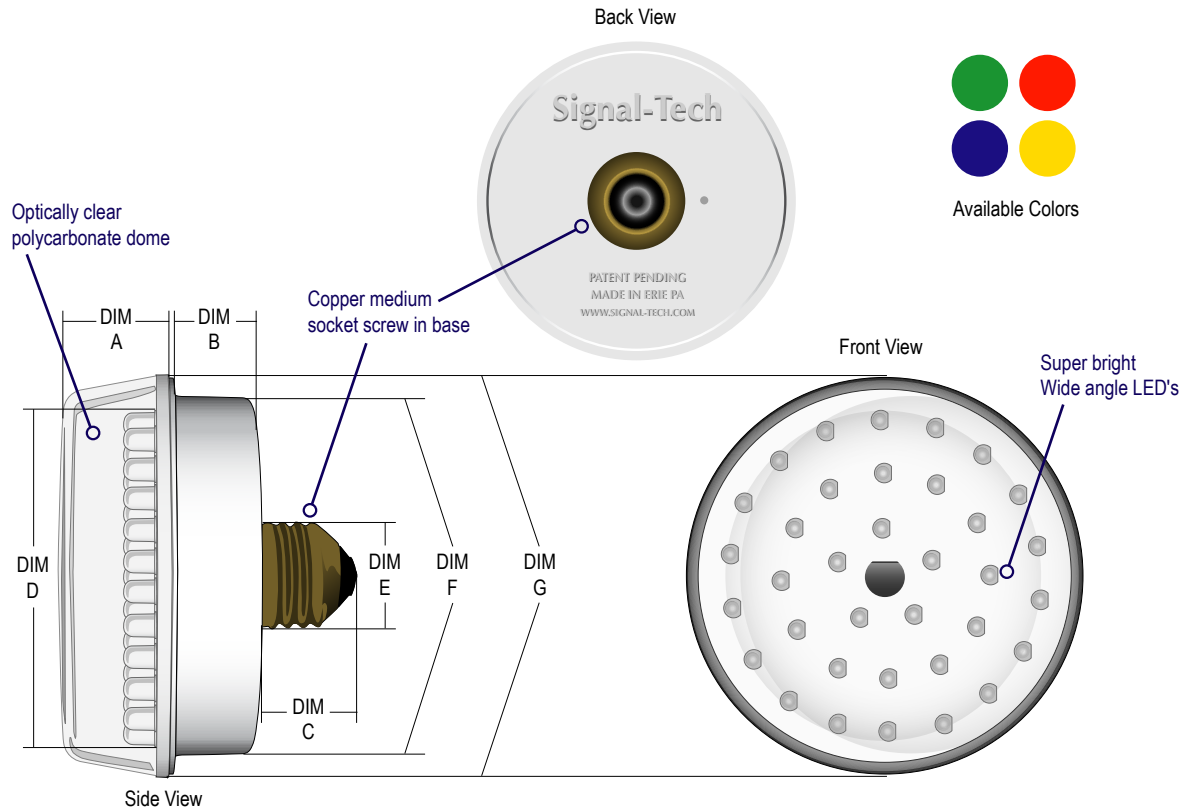

Standard Color: White

## INSTALLATION

Standard medium base screw in socket  
Direct replacement for incandescent light bulbs
